Poster for the Event

The Covid-19 pandemic has disturbed and upset the lives of many people throughout the world. People have lost jobs, livelihood and in many cases many of them have lost their loved ones. Lives of people irrespective of the geographical location have been shook by the loss of their family members. Many children have also lost their parents at a very young age leaving their lives in complete disarray. Also due to the economic disruption everywhere orphanages were not able to get enough funding and donations to support these children in the wake of the pandemic. IEEE MVSR SB PES Student Chapter understands its responsibility towards society and have taken an initiative to visit an orphanage to provide them necessities, interact with the children and know their concerns.
