The Pre-Technovanza meet was commenced by Mr. Ch Sai Teja, Chair, IEEE MVSR Student Branch by welcoming Dr D Hari Krishna, IEEE MVSR Student Branch Counsellor and all other attendees. The attendees were briefed about the agenda of this meet which included Selection of Theme, Formation of Committees, Planning and Scheduling of Events, Mode of Events, Sponsorships, Publicity, Distribution of prizes. He then invited Dr D Hari Krishna to address the meet.

**Dr. D Hari Krishna addressing the meet**

Dr. D Hari Krishna welcomed all attendees to the meet and appraised them about the Technovanza. Technovanza is usually a two-day event in which IEEE MVSR SB along with numerous Student Chapters and Affinity Group conducts various events ranging from technical to non-technical events. Volunteering is the strength of Technovanza and all the executive committee members were asked to unleash their potential in planning and organizing events. Technovanza is being conducted right from 2016. From 2016 to 2020 Technovanza was held offline, but in 2021 due to unprecedented conditions it was organized as an offline event. Indications were provided that Technovanza 2022 may be conducted in hybrid mode.

The posters of previous Technovanza fests were displayed so as to provide more clarity to the new IEEE members and also list of events which were conducted as a part it was also presented. Dr. Hari Krishna asked Mr. Sai Teja to circulate the poster and list of events to the members. He suggested the Executive Committee members to plan events in similar lines to the list of events provided. He then mentioned about primary events of Technovanza which form the soul of the fest. These include Project Expo, Hackathon, Poster Presentation and Paper Presentation. Dr Hari Krishna urged the ExCom members to orchestrate the aforementioned events conscientiously.

All the Chairpersons of Student Chapters and Affinity Group were advised to come up with good event ideas so that each Student Chapter have at least two to three events under them. They were also recommended to check the feasibility of conducting the event so that there would not be any constraints. Post this discussion on selecting the theme of Technovanza 2022 was carried on. To this Mr. Sai Teja asked all the Executive Committee members to propose as many themes as they can and one among the collection will be selected through a poll. All members appreciated and agreed to this proposal.

Followed by this Dr Hari Krishna explained about the importance of judges for technical events and advised the IEEE members who are planning to conduct technical events to look out for judges in advance and in case if they require any assistance, they were asked to contact the ExCom. It was also brought to notice that each and every event should have a minimum of two coordinators and a maximum of three is allowed and they will be responsible for notifying and publicizing their event, presenting their requirements and escorting the judges to the event venue. The Chair and Vice Chair of IEEE MVSR SB were asked to take care of mementoes which will presented to the judges of the respective events.

Later, the Executive Committee members were informed about the different committees which will be formed for smooth functioning of fest. Design Committee, Sponsorship Committee, Publicity Committee and Dias Committee are few examples. Next point which came to discussion was about Registration Fee to be charged for events. The winners of the events will either be provided with cash prize or amazon vouchers.

The responsibilities of event coordinators were presented and all of them were asked to maintain registration list either using a google form or an excel sheet. It was also decided to have an IEEE stall during Technovanza 2022 through which the benefits of IEEE will be propagated to the students. The Chair and Vice Chair were asked to look into the design of banners which would comprise of the achievements and awards received by IEEE MVSR SB members. Mr. Uthej was directed to furnish the details of the magazine which would be launched during Technovanza 2022. Dr Hari Krishna urged the coordinators to promote their events aggressively in their respective departments so as to account for good number of participations. Chairpersons of respective Student Chapters and Affinity Group were also directed to monitor the work of ExCom members during this period.

Attendees of Pre Technovanza Meet

Post this the session was called for an open discussion. Few Executive Committee members came up with ideas regarding sponsorships, publicity, designing of event posters and collaboration. Vote of thanks by Ms. P Sisira Reddy, Operating Committee Head, IEEE MVSR SB marked the end of the meeting.
