### **ELECTRONIC PAPER SUBMISSION:**

The review process will be performed from the electronic submission of your paper. To ensure that your document is compatible with the review system, please adhere to the following compatibility requirements:

**Submission site:** <https://cmt3.research.microsoft.com/DCAS2016>

### **File Format (for final submission):**

**IMPORTANT:** The “*IEEE Requirements for PDF Documents*” should be followed exactly in order to make the paper accessible on IEEE Xplore. Papers must be submitted in Adobe's Portable Document Format (PDF) format. The requirements are enumerated in:

[http://www.ieee.org/portal/cms\\_docs/pubs/confstandards/pdfs/IEEE-PDF-SpecV401.pdf](http://www.ieee.org/portal/cms_docs/pubs/confstandards/pdfs/IEEE-PDF-SpecV401.pdf)

Please check your submission using IEEE PDF eXpress™ at:

<http://www.pdf-express.org/>

PDF files must not have Adobe Document Protection enabled, as this prevents us from processing the file. These submissions must be formatted to 8.5" x 11" page size, and in first-page-first order. Please verify that the final version of your PDF file prints correctly to a PostScript printer before submission. Documents that do not print correctly cannot be reviewed. Also, make sure to disable ALL document security. For best results, authors should avoid the use of custom half tones, bitmap pattern fills, and bitmap fonts. Use standard half tones and solid color or grey fills instead. If you are able to create a PDF file yourself, you are encouraged to do so. Be sure that you embed all fonts that are used when you create the PDF file.

***Good Luck with your Submission!***

***See you at the conference...***
