

# EMC Society “Completed Careers”

*By Bruce Archambeault, Member of the EMC Society Board of Directors*

**T**he EMC Society Board of Directors has created a “Completed Careers Committee” with the goal of making sure EMC Society members who pass away are recognized and honored.

Part of this committee’s responsibility is to collect names and information on members who have “completed their careers” and to publish this information in this new section of the EMC Society Newsletter.

We ask EMC Society Chapter Chairs and members to inform us when a local EMC Society Chapter member or colleague passes away. We hope to be able to include a photo of the member so that those in other Chapters or

colleagues of the deceased, who may only see the member once a year at the annual Symposium, will know what has happened.

Since this Newsletter section is only beginning, we also ask that if you know of any EMC Society members who have recently passed away, and thus have “completed their careers,” to let us know so that they may be included in this section of the next Newsletter. Please send information to Bruce Archambeault, [bruce.arch@ieee.org](mailto:bruce.arch@ieee.org)

In this issue, we note with tremendous respect the following EMC Society engineers who have recently completed their notable careers.

EMC

*Mike Hart*  
1952-2007

*John Osburn*  
1940-2008

*John J. O’Neil*  
1914 - 2007

*Norm Violette*  
1932-2008

*Ken Hall*  
1943-2007
