

EXHIBITOR INFORMATION ICOPS 2008

35th IEEE International Conference on Plasma Science

June 15 - 19, 2008

Congress Center Karlsruhe, Germany

This conference will attract about 400 leading researchers and junior scientists from all over the world, presenting new and innovative developments in the field of plasma science and engineering.

In order to meet the growing demand of engineers, researchers and managers for up-to-date information on technologies to explore

- basic processes in fully an partially ionized plasmas,
- microwave generation and plasma interaction,
- charged particle beams and sources,
- high energy density plasma application,
- industrial, commercial and medical plasma applications,
- plasma diagnostics,
- pulsed power and other plasma applications,

we invite you to exhibit at the ICOPS 2008.

On-booth live product demos stimulate to discuss and to learn more about the most recent trends and technical advances in the large field of plasma science. Promote your company, your latest research and products, while reaching an inquisitive international audience.

Additionally, our **Job Placement Center** provides the opportunity to announce vacancies and to contact qualified manpower.

The exhibition booths will be located among the communication area in the lobby of the Congress Center Karlsruhe. 2x2 m² and 3x2 m² booths are available. Tables and chairs will be provided on demand.

If you are interested in exhibiting at the conference, please do not hesitate to contact Wolfgang Frey from the local organizing committee (wolfgang.frey@ihm.fzk.de or Tel. +49 (0)7247 82 24 53).

If you are interested in sponsoring please contact Martina Huber (martina.huber@ihm.fzk.de).

We are looking forward to hearing from you soon.

Best Regards, ICOPS 2008 Organizing Committee
