Conversation: IEEE PES Summer Meeting GSC WG6 report

Dear Oleg,

Below is my report.

- 1) First draft of "Guide for Application of Superconducting Motors and Generators (IEEE/ EMC-WG6)" was circulated to members of November 7, 2005.
- 2) First telephone discussion was held on November 16, 2005
- 3) Revised draft incorporating verbal and written comments was sent out for comments on May 15, 2006
- 4) First WG#6 meeting will be held at IEEE PES - Montreal on June 18, 2006 at 3:00-5:00PM in Room 514a. All members were informed and encouraged attending the meeting in my e-mail of May 15, 2006.
- 5) The goal is to complete draft with everybody's comments this fall and pass it on to IEEE to initiate standardization process.
