

GENERATOR SUBCOMMITTEE
WG 7 – Revision of IEEE 115
June 19, 2006

1. The WG is updating the 1995 edition of the standard according to the PAR approved by the Standards Board on March 4, 2005. Some of the members of the previous working group and some new members are contributing to the revision.
2. The WG has established a web site under leadership of Professor Joseph Law of the University of Idaho to facilitate the revision work.
3. The WG has conducted four telephone conference meetings since the last face-to-face meeting at PES 2005 General Meeting.
4. The second face-to-face meeting of the WG will be held on June 19, 2006 at the General Power Meeting in Montreal, Canada. The WG plans to complete its first draft for balloting by the end of 2006 as planned in the approved PAR.
