

# **STLNA LIASION REPORT TO THE MAIN SWITCHGEAR COMMITTEE MAY 7, 2009**

- Kirk Smith is the new STLNA chairperson
- The STL received membership applications from
  - High Power Testing Liaison (CHPTL)
  - Korea Electrotechnology Research Institute (KERI)
- The STL management committee meets next week. They chose between Mr. Faber from CESI and Mr. Andre Lathouwers from KEMA. The STLNA decided to vote for Mr. Lathouwers.
- NEETRAC has requested to join the STLNA
- The STL Guides to IEC standards will soon become available free to the general public.
- The STLNA were provided a draft copy of the next version of IEEE 4. The document is in final stages of editing and is expected to go out for ballot in October of 2009.
- The STLNA decided to develop a form for non-members to request test related interpretations of standards. First draft is expected to be ready by the Fall '09 Switchgear meetings.
