

STLNA Liaison Report to the IEEE PES Switchgear Committee

Fall 2025: October 7, Peppermill Resort, Reno, NV

Chair: Victor Savulyak **Secretary** Frank DeCesaro

Meeting Highlights

1. The STLNA met on Tuesday, October 7, 2025. There were (13) in attendance. Six out of six member labs were represented.
2. **Technical Discussions:**
 - a. STLNA in process of review published IEEE Std C37.20.7-2024 for necessary clarifications and error corrections.
 - b. STLNA will start to review IEEE Std C37.41-2024
 - c. STLNA made suggestion for STL Guide for IEC 60282-2 HV Fuses to add information on TRV Uc readings for situations where VI chopped current and there is an extinction peak. Use same method as it is in IEEE Std C37.41.
