

IEEE PSES RATC, Risk Assessment Technical Committee

Web Conference 11 May 2011, 2 PM EST

Agenda provided by J. Allen
Minutes recorded by D. Slee

In attendance: J. Allen (run meeting), S. Lawrence (host), T. Lanzisero, D. Slee (secretary), L. Bonilla, D. Beaumont

1. Website – Website is up.

Rearrangement of names – S. Lawrence will do

Executive list to be updated

Confirm membership matrix is correct

L. Bonilla is no longer with Whirlpool; he is with Schonbek

Worldwide Lighting

Matrix is on Website – spreadsheet is also on website

Post updated minutes – S. Lawrence will do

D. Slee to send March and May 2011 minutes

J. Allen to send April 2011 minutes

D. Beaumont suggests putting tracking of visitors and time spent on website; this has already been done for the FFATC; can also share info with entire committee

Discussion of merits

Not priority, but desired when time is available

Discussion of links desired for website

Call for suggestions – All: please bring suggestions to next month's meeting

Risk Assessment tools and links

L. Bonilla: Asking about type of links that are acceptable: anything that may be useful for the RA community; TC leadership will review before posting

2. PSES Newsletter

Did not get write-up in for recent quarter

Would like to get notice of website into newsletter

Hope to get into next quarter newsletter

3. October Symposium:

T. Lanzisero will present

T. Lanzisero will also will present at a Chicago section IEEE Today's Engineering Challenges and Tomorrow's Solutions - conference in November (next generation of HGSB) Risk Management review of different industries;

UL planning an RA workshop in San Diego following the October CA conference

Abstracts currently due June 1st

Paper Draft currently due June 17th

Call for volunteer to meet I. VanDeWege's request for track hosting and paper review

No volunteers; J. Allen thinks he will be taking care of the request

4. Call for last comments

T. Lanzisero has contacted American Society of Safety Engineers; they are very interested in working with T. Lanzisero and our RATC committee; related to ISO 31000; T. Lanzisero will take an 8 hour exam for licensing with this Society; a class is available in June to prepare for this test

D. Beaumont is already certified and is describing; mostly workplace safety; Exam is run by Certified Board of Safety Engineers

L. Bonilla describes iNARTE exam which he has taken.

L. Bonilla asks if anyone is running for Board of Directors; Answer: No; but

L. Bonilla has been asked if he is interested; D. Slee volunteers to put L.

Bonilla in touch with other Board members from Exponent for more information

Meeting adjourned at 2:38pm CST.
