

IEEE ISPCE 2022

IEEE International Symposium on
Product Compliance Engineering

SEPTEMBER 20-22, 2022 | SAN DIEGO

psessymposium.org

CALL FOR PAPERS

Organizers

General Co-Chairs

Bansi Patel
BRP Consultants

Jim Bender
Intertek

Technical Program Co-chairs

Leszek Langiewicz
SpaceX

Grant Schmidbauer
Nemko USA

Treasurer

David Castaneda
Nemko USA

Important Dates

April 13, 2022

Formal Paper/Reviewable
Presentation Submission
Deadline

May 13, 2022

Acceptance Notification
Deadline

June 17, 2022

Final Camera-ready Paper/
Presentation Submission
Deadline

Conference Dates

September 20-22, 2022

Annually, the IEEE International Product Safety Engineering Society (PSES) hosts a premier symposium (ISPCE) on current topics relevant to people who are challenged to make products safe and compliant with ever-changing global codes, standards, & regulations.

The fundamental activities covered in this symposium are critical aspects of virtually all Engineering endeavors AND they are now consuming greater time and attention from business leaders. This event provides an opportunity for inclusion and crosscompany collaboration that results in collective educational growth for all participants.

The Ask

- ✓ With so many recent regulatory changes, including the publication of a new National Electrical Code, record attendance is anticipated. Increase your recognition as an expert and contribute to IEEE.
- ✓ Support Product Safety Engineering Society by educating our audience of members & guests at ISPCE 2022.
- ✓ Submitting a presentation or formal paper is both a personally & professionally rewarding experience.
- ✓ Visit the Authors & Presenters page on the ISPCE 2022 website for author registration, comprehensive submission instructions, and the biography, paper and presentation templates to be used.

Decorum

Educational presenters speaking at ISPCE 2022, are permitted to reference the company they represent and/or company activities, when necessary for context within their presentation.

However, other promotional activities or sales should be conducted outside of the actual presentations.

Topics for ISPCE 2022

The IEEE international Product Safety Engineering Society seeks original and unpublished formal papers, presentations without formal papers, tutorials, and workshops on any and all aspects of product safety and compliance engineering - including, but not limited to:

- » Arc Flash
- » Environmental Regulations, Sustainability & Circular Economy
- » Instrumentation and Laboratory Equipment
- » Batteries & Energy Storage Systems
- » Emerging Technologies & Innovations
- » Introductory or Advanced Design for Compliance
- » Compliance Documentation Management
- » Field Inspections & Evaluations
- » Laboratory Safety
- » Codes & Standards Development
- » Forensics, Failure & Risk Analysis
- » Cybersecurity
- » Legal Regulations, Directives & Consumer Protection
- » Data Center Safety
- » Global Market Access
- » Medical Devices
- » EMC & Wireless Compliance
- » Grounding & Bonding
- » Product Labeling
- » Engineering & Safety Science
- » Hazard Based Safety Evaluations
- » Safety of Education and Healthcare facilities
- » Energy Efficiency Codes
- » Global Hazardous Locations
- » Technical Documentation
- » Compliance management documentation
- » Battery Track
- » Ethical Cornerstones of Effective Compliance
