

# MRE Young Scientist Award 2020

The award selection and ceremony will be held at the **5<sup>th</sup> International Conference on Matter and Radiation at Extremes (ICMRE2020)** on May 25-29, 2020 in Xi'an, China.

The MRE Young Scientist Award, first launched by the journal *Matter and Radiation at Extremes* in 2019, aims to stimulate young scholars worldwide to deliver their important, original and innovative achievements in the fields of science and technology on matter and radiation at extremes.

## The MRE Young Scientist Award winner receives

- A trophy and a certificate;
- Cash prize of RMB 10,000;
- A formal invitation to publish on Matter and Radiation at Extremes.

## Eligibility Criteria

- The applicant should be younger than 35 years on Jan. 1, 2020;
- The applicant should be the presenting author (first or corresponding author) of original research which has not been published and is not under consideration for publication elsewhere by the end of ICMRE2020.
- The theme of the research work should be within the scope of ICMRE2020 conference.

## Application process

The applicant must submit an extended informative abstract on the original research (2000-3000 words, including representative figures) in DOC (DOCX) or PDF format on <https://icmre2020.aconf.org/>. The online submission system will open soon. Please go to "Submit Paper" and then check "Young Scientist Award" and follow the instructions in the navigator.

**Submission deadline: Feb. 29, 2020.**

## Selecting process

All valid submissions will be evaluated by a jury and the shortlisted candidates will be announced no later than **April 30, 2020**. The candidates will be invited to present their work on ICMRE2020 and the award winners will be selected by the jury.

## ICMRE2020 topics

- Fundamental Physics at Extremes
- Laser and Particle Beam Fusion
- Magnetic Driven Fusion

Matter and Radiation  
at Extremes
