

**THE 4th INTERNATIONAL CONFERENCE ON MECHATRONICS (ICOM'11)**

Venue: [The Legend Hotel](#) , Kuala Lumpur, Malaysia  
17-19 May, 2011

Conference Objectives

The main objective of this conference is to exchange ideas on advances in Mechatronics which have been brought about through high quality research and development in order to serve humanity and society. Furthermore, the conference is to foster an international fellowship network in Mechatronics, an integrated engineering discipline that requires collaborative efforts to successfully design machines and systems for various applications.

International Islamic University Malaysia (IIUM) is playing its part in establishing and promoting this integrated, multidisciplinary mechatronics approach in teaching, research, design and development of new products and systems. In light of this, the Faculty of Engineering is pleased to invite papers for the 4th International Conference on Mechatronics 2011 (ICOM'11) after the great successes and overwhelming responses received in its first (ICOM'01), 2nd (ICOM'05) and 3rd (ICOM'08).

Accepted and presented paper(s) will be appear in IEEE Xplore® digital library

IEEE Catalog Number: CFP1151N-ART

ISBN: 978-1-61284-437-4

IEEE Catalog Number: CFP1151N-CDR

ISBN: 978-1-61284-436-7
